Universities & Colleges

Planning & Design of Salon, Spa & Barber Facilities

Education Specialists

College Salon Training areas has been a speciality of REM for well over 20 years, during which time we have worked with Colleges throughout the UK and also into Europe with Colleges and Academies in Belgium, Holland, Poland and Denmark.

We have undertaken hundreds of projects over the years from replacing backwashes and cutting stations to the full design and installation of huge, multi-room college facilities offering Barbering, Hairdressing and Beauty treatments.

We work closely with your facilities department to design your salon or spa training area to meet the needs of your staff, students and exam boards. We understand that you may have space or budgetary constraints and will work to ensure we meet your needs, every time.

One point that is crucial for any training facilities is the quality of the installation and the durability of the products. In 2004 we refurbished Bury College, Manchester and in February 2024 we had the opportunity to fully upgrade and refurb the facility. Thousands of students used the facilities over the last 20 years, which certainly stood the test of time.

Planning & Design of Salon, Spa & Barber Facilities

Twenty Years Later

A recent enquiry from Bury College for a new salon training facility prompted us to look back through our archives. It was twenty years since REM originally enabled Bury College with the planning, design & installation of their training salon furniture.

The following image gallery showcases both the Retro project dating back to 2004, followed by the recent modernisation, completed in February 2024. It is testament to the quality of REM furniture that has stood the test-of-time in a high traffic college environment. A real-life 20 year experiment that tested our British Made materials to their limits, and a test we passed with flying colours!

Customer Testimonials

“The equipment provided by REM enables students to be well-prepared for working in the Hair and Beauty industry. They are delighted with their new facilities.”

Victoria Fell, Faculty Director and Strategic Lead

“We are delighted that we can now accommodate current and future generations of Bury College Hair and Beauty Students in state-of-the-art facilities with industry standard equipment. REM were a pleasure to deal with and the support and guidance they offered throughout the design and delivery stages of the project was excellent.”

Michael Bromley, Head of Estates and Health & Safety

Materials & Choices

With over 25 Laminates and Fabrics to choose from our range of colours and styles can help reinforce and promote your brand. With all REM Furniture 'made to order' it give you the opportunity to style your training areas in your corporate colours or any other colourways you have in mind. Our products can also be made in multiple colours (two tone) and you can view and experiment with these options online by using the Product Configurator which can be found towards the bottom of each product page on our website www.rem.co.uk

We also offer a '**Free Sample Service**' where you can order up to 6 colour sample delivered to your door in 2 to 3 working days to help you make a more informed decision on your colour choice. You can find this Sample Service on our website.

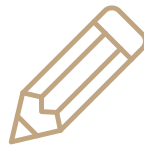

Planning & Design

Using our industry expertise and creative flair, REM Design can help you plan your training areas offering advice on products, colours and layout to help you get the most out of your budget. Large or small and regardless of budget, we are always excited by the opportunity to create an environment that is stimulating, motivating and inspiring for staff and students alike. With an extensive range of furniture to choose from, you can personalise your facility by using our REM Design Service.

The REM Design Team work with you and your architects to produce scaled floor plans and 3D visuals detailing styles, colours and quantities to help you realise your goal. When your needs are not satisfied by our standard range, REM Design can work with you to design and build bespoke solutions to your exact specifications. At REM, we understand that today's working environments have to be responsive to the changing needs of the contemporary workplace. With this in mind, the designs we offer are inspirational and tailor-made to reflect the image and reputation of your Training Facility.

REM's extensive showroom in their factory in Nelson, Lancashire is open to visitors 5 days a week (Mon-Fri). Appointments can be made to view the showroom by calling REM Reception on **01282 619 977** or by emailing sales@rem.co.uk

Planning & Design of Salon, Spa & Barber Facilities

Sustainability

REM UK Ltd are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. REM UK Ltd will operate in compliance with all relevant environmental legislation and will strive to use pollution prevention and environmental best practices in all we do. We run our business in the 'greenest' way possible and although we don't claim to be saving the world with a few generic environmental policies we do face up to our responsibilities both as a company and as a group of individuals and try to make a difference. Waste costs money, stretches resources and it screams of inefficiency and incompetence. We have a policy but for years we've educated and encouraged our staff to plan and use best practice to reduce waste.

Our CSR is more than just a statement of good intent, we have broken it down into real processes that we have implemented and which will continue to develop and grow in the future, for the good. **"Sowing the seeds of change into our team to work, act and be conscious of how they carry out their day to day activities will ensure that in the future acting environmentally will become second nature."**

Warranties & Guarantees

REM Products carry a 3 Year Warranty from date of purchase. REM will, at its discretion, repair or replace defective products. During the first year of ownership for UK Mainland customers only, REM will supply and, at its discretions, fit replacement parts or products. For years 2 and 3 REM will supply Free of Charge Replacement Parts to enable repair but will not be responsible for any associated costs of fitting or installation. This three year warranty in no way affects your statutory rights and is intended as an additional safeguard and benefit for buying and using REM products.

In addition to the Three Year Warranty REM offer an unrivalled After Sales Service for ongoing support and assistance following the purchase of REM furniture. This includes resolving customer enquiries, offering technical support, providing maintenance services and addressing product issues or defects.
